

The style agenda

The very best of Singapore's shopping this month, as picked by **Celine Asril** and **James Ong**

NEW SHOP Little Man

Local designer Alicia Ong (of Ai&Alicia fame) and interior designer Ian Yeo have put together an eclectic treasure trove of their own collaborations and a host of indie designers at this new boutique, which sells everything from fashion to kidswear, homeware and accessories. Our favourite finds include Lithuania-based Aiste Nestrovaite's smart tuxedo-vest aprons (\$115); eco-friendly and organic cotton kidswear from Hong Kong brand A is for Apple (\$35-\$238); and Brooklyn-based handbag label Hayden Harnett's leather tote bags (\$285-\$288).
