

## WANTED: A MATURE WOMAN MADE OF METTLE

Carrie K. is looking for the woman who personifies HEAVY METTLE. We'd like her to model the our newest jewellery collection in our upcoming lookbook.

### THE COLLECTION Heavy Mettle

### THE RATIONALE

Heavy Mettle is about inner strength and character. It's about not judging a book by its cover. It is designed for people with the personality to carry off this statement collection.

### THE PERSON

A 50 to 70 year old female who wears her age well.

Ideally someone with stark white hair.

She should be game for a bit of fun - not camera shy

We might style her in something quite avant garde, so we're looking for an adventurous dresser - of any race.

### More information:

The shoot will be during the holiday period so we'll need her to be in Singapore and available on the 24th, 26th or 31st of Dec for a 1/2 day shoot. The model will receive a token gift of thanks of \$300 cash and \$500 worth of Carrie K. jewellery.
